

Cowboy Trap

Thursday, July 19 @ 1:30 to 3:00pm. Cost is \$10, please bring cash to the field. Trap field is located just past the clubhouse.

Slow Don, along with one of our club members, Barry Schweda, will open the field at about noon for those who wish to try it out first. You can shoot this with your main gun or bring your old "Cowboy Trap Gun."

Game 1 – Team Event

Shooters partner up with someone and form a straight line across the trap field. Shooter 1 calls for the bird. If shooter 1 hits the bird, both partners are still in the game. If shooter 1 misses the bird, then his partner (shooter 2) has the chance to shoot at the missed bird. If shooter 2 hits the bird, both partners are still in the game. If he misses the bird then both partners are out of the game and we move on to the next set of partners. Top team is the two partners still standing after all others are out.

Game 2 – Individual Event

Shooters line up in two single lines from the shooting line and back toward the road. First shooter in line 1 calls for the bird. If he hits the bird, he moves on to the end of the line. If he misses the bird, he moves to line 3. Shooters in line 3 can get back in the game if they hit the first bird that was missed by a shooter in line 1 or 2. If the shooter in line 3 does not engage a missed bird or misses it, he is then out of the game. If he hits the missed bird, he is back in the game and goes to the end of line 1 or line 2 whichever is the shortest. Shooting alternates between line 1 and line 2. Top shooter is the last shooter standing in either line 1 or line 2 regardless of how many shooters are still in line 3.

Game 3 – Last Shooter Standing

Shooters form a straight line across the trap field. First shooter calls for a bird. If he hits the bird he is still in the game. If he misses the bird, he waits till the next shooter calls and shoots a bird. If the second shooter misses the bird, then the previous shooter is still in the game and the fate of the second shooter is now up to the third shooter. The game continues down the line. The game is over when there is only one shooter left in line.

Game 4 - Singles

This game will be played only if there are enough shooters. Shooters form a straight line across the trap field. Each shooter calls for a bird. If he hits the bird, he is still in the game. If he misses the bird, he is out of the game. The game continues down the line. The game is over when there is only one shooter left on the line.
